

**Description**

*elin* TPD 330 & 430 oils are high-performance, medium to high BN, diesel engine oils for medium & high-speed trunk piston diesel engines. They are blended from high quality base oils and additives that provide an extra margin of protection against ring sticking, piston deposits & wear under the most severe operating conditions.

**Typical uses**

*elin* TPD 330 & 430 oils are recommended for all types of trunk piston diesel engines burning marine diesel oil or heavy fuel with a sulphur content up to 2% with a maximum sulphur level of 4%.

**Main Performance Features**

1. Wear Protection
2. Detergent/Dispersant Properties
3. Oxidation Stability
4. Rust Prevention
5. Balanced Additive Combination
